Safety First!

Sleep Safety

Baby Sleeping Bags are the safe alternative to blankets and sheets.

With Health Canada regulations stating that no loose bedding should be available in a baby's crib, a Nap bag is the perfect solution.

Your baby can still wear his or her pyjamas while they sleep cozily in their Nap bag.

Many babies kick off top bedding and become chilly in the middle of the night, while baby sleeping bags keep babies warm and cozy, whatever position they end up in by the morning.

This means a safer sleeping environment for your baby and more sleep for you!!
